My Wing Woman support plan will provide you with tailored solutions and practical support so you can take your business to the next level without compromising all areas of your life.

You will have me right by your side to work through your ideas,
keep you on track and accountable.

You will also be part of a community of female entrepreneurs who are building their
businesses alongside you.

Here's what you get:

1:1 Kick off Session (1.5 hours) - in person or Zoom

We will start with a deep dive into your business to get clear on what you really want to (and should be) doing, where the blocks are and how we can move things forward. We will set/review your goals and break them into achievable, actionable tasks that can be worked into your "real life".

Monthly 1:1 Accountability Sessions (1 hr) - Zoom or phone

We will review your goals, discuss progress, identify and work through challenges, celebrate success and set tasks for the month ahead. I will guide you, be your sounding board and focus your energy so that you come away from our session crystal clear on what you should be doing to continue to move your business forward.

Quarterly Planning Days (3/year)

This is your chance to spend dedicated, uninterrupted time to work on your business to set yourself up for the quarter ahead. These virtual, group sessions will be pre-scheduled with all recordings and resources available for you to use while you remain on the Wing Woman plan.

Monthly Expert Masterclasses (2/quarter)

I have a lot of very clever women in my world and I want you to share their wisdom with you. These group masterclasses will feature actionable advice on a topic that will boost your business. You will have direct access to the speaker and plenty of time to ask your questions.

You also get:

Community Connection

As part of our monthly virtual gathering for the masterclass, there will be an opportunity for you to connect with the other amazing women in my world. My dream is to take these events off virtual and into the real world and you will be the first to know.

Rockstar Resources

I am connected to a crew of rock stars who have supported business owners just like you with tasks like admin, design, copywriting, social media, bookkeeping, legals, IT and events. If there is something you need done, I know someone who can do it or where to find them.

Ongoing support

I will be available between sessions via email or an SOS call to sense-check ideas, read/proof read content or as a voice of reason when things are confusing or challenging.

Business templates & plans

I have loads of useful resources available to share with you as you need them.
