

Strategic Planning Session

HALF DAY, IN PERSON

If you're ready to build the business you dreamed of when you launched, then I want to make that happen for you.

This is your opportunity to work through your ideas with someone impartial and solution-oriented (me!) who will focus your energy and formulate a plan to move your business forward. Someone who will give you honest feedback, advice and accountability to keep you on track.

We will begin our session with a deep dive into your business and explore how it currently functions.

What's working? What's not?
What's worth pursuing? What's been overlooked?
Where are things more complicated than they need to be?
And most importantly, what's preventing you from realising your dreams?

We get really clear on what it is that you want to achieve and set specific, measurable goals.

Then we establish the priorities and formulate a Plan with actionable tasks and a realistic timeline to turn your vision into reality.

This is not just me telling you what you need to do. I'll workshop opportunities with you, remove roadblocks, identify and connect you with the right resources and systems to realise your vision.

Your plan will be as unique as you are - taking into consideration the reality of your business and life.

You will leave our session feeling energised and confident of your pathway forward, knowing that you have my support to make it happen.

We will reconnect within 2 weeks of our session to ensure you are set up to activate your plan once you are back in the real world.

INVESTMENT \$2,000 + GST *

(*payment plan available on request)

These sessions are most impactful in person but can be done on Zoom if you are remote.

Prior to our session, you will complete a detailed questionnaire to provide me with important information so that we can hit the ground running.
